## Step 1: Taking Out the Parts

Make Sure the Sofa Bed is placed on a flat surface with no sharp objects beneath it. Lift Up the front side of the sofa to open up the storage compartment. You will find the remaining parts needed to assemble the product. Take out all products and remove all packing attached.

## Step 2 Legs assembly instruction

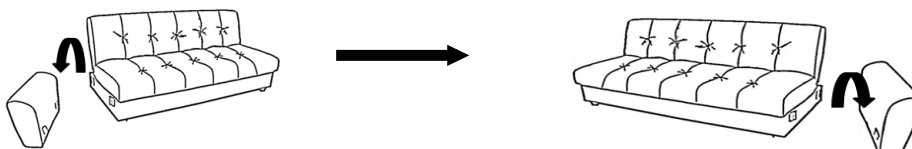

Have the arms (D) Upside down, you will find holes underneath , align the holes on Legs (C) with the hole on the arm and insert Bolt (A) . Then tighten with the allen key. Make sure all four legs are tightened all the way.

## Arm Assembly

### Step 3

Assembling the Sofa onto the arms will require at least two people, there will be two hinges on both the arms and the sofa. The sofa Will Be going on top of the hinges on the arm. You will need to Lift the sofa up on onto the hinges on the arm. Make sure that both hinges are secured. Do the same on the other side.

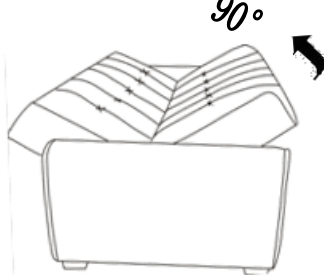

There are multiple functions for this sofa bed.

1. To access the storage compartment , gently push back the front cushion onto its back as shown in the diagram.
- 2 .To return it back to the sofa , just gently pull forward the front cushion down .
3. To convert it into the bed please do Step 1, and push the seated cushion back until you hear a click, once the click is heard slowly let the cushion go down.
