

SET UP INSTRUCTION

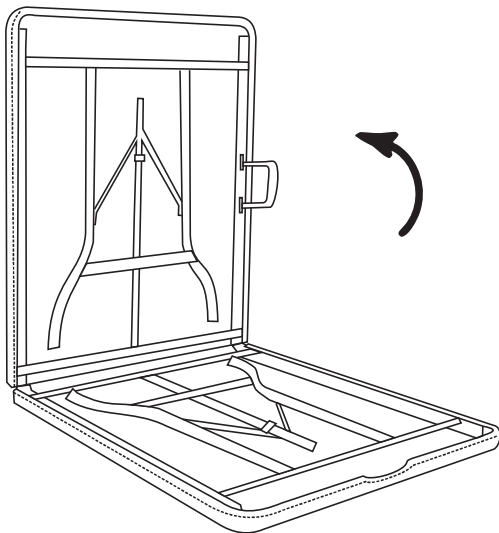

Step.1

Lay table flat on smooth surface ground as shown in fig.1.

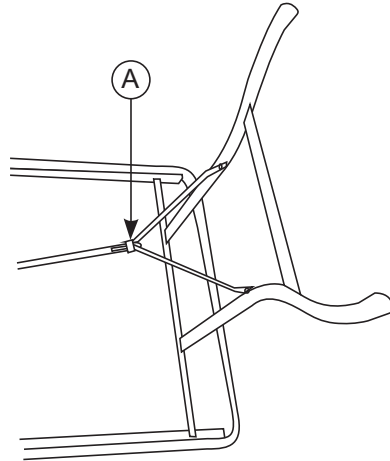

Step.2

Unfold the table as shown in fig.2.

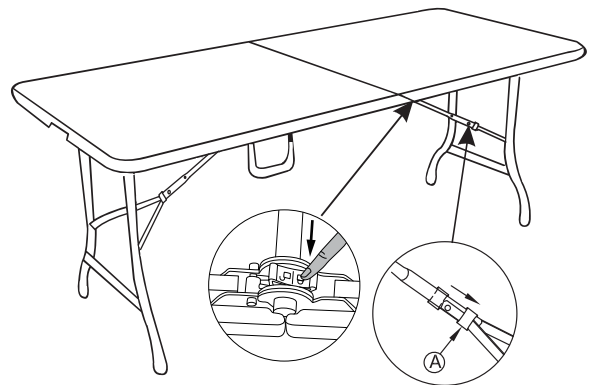

Step.3

Lift the two stands to the upright position as shown in fig.3. Straighten the 2 support bars as shown by applying pressure from underneath. The steel ring automatically goes down to chain up the bars!

Step.4

Press the lock and lock the table. Turn table over on its stands with care. Pls also check that both Joint (A) lock are in the correct positions. The table is ready for use.

To fold away the table, please press unlock button and follow the above steps in reverse.

Caution:

Always handle the setting up and folding-away of the table with great care!
